## About Us

**ACCURATE** Accounting Solutions is a combination of expert accountants and management people who are committed and dedicated to providing a wide array of accounting, business and management consultancy services. **ACCURATE** Accountants offers a wide range of accounts outsourcing services to ensure that companies have their accounts and financials updated and handy always. We aim for highest quality standards and full satisfaction of our clients by providing our unique services at amazingly affordable

and cost competitive prices. Our experienced Partners are committed to the day to day activities to ensure that the clients always remain happy and satisfied from our services and they derive value from them.

## ACCOUNTING & BOOK KEEPING

We provide you with easy access to qualified, seasoned bookkeepers and accountants without you ever having to hire them. With our team of experienced and skilled bookkeepers and accountants, we can act as an efficient back office for our clients to meet their bookkeeping and accounting needs at their convenience time and place.

## ERP IMPLEMENTATION & CHART OF ACCOUNT

Tougher competition in the marketplace is generating the need to better optimize resources, improve profitability and keep customers satisfied. Companies are increasingly implementing Enterprise Resource Planning (ERP) software solutions to improve operations and provide faster customer response. It is very easy to install and implement any ERP or Accounting software. But the success lies in understanding, which suits best for their business and its implementations technique. Preparing Chart of Accounts is the first & the most important task for ERP/ Accounting software implementation, which decides the success ratio. We do accounting set up, implement and training to the management until the successful takeoff

## PREPARATIONS FOR STATUTORY AUDIT

Though we are not external auditors, **ACCURATE** Accountants prepare completely a hassle free audit preparation for the company. We have very close association with leading and prestigious Auditors in the local market and we assist you for getting the best out of it, at best of your comfort

## ASSET MANAGEMENT

Asset management is a systematic process of deploying, operating, maintaining, upgrading, and disposing of assets cost-effectively. We assist you in recognizing values of assets and accurately advising.

**ACCURATE** efficient team is capable of taking care of your Assets and Inventories

## VALUE ADDED TAX

As VAT adviser and we take care of your VAT returns. We can advise and work on all aspects of your VAT return. We have specialized Tax consultant and Accountants can take a close look at your business and can advise and assist with all of your accounting and tax requirements. This leaves you with piece of mind to run and develop your business and VAT worries become history.

## INTERNAL AUDIT & CONTROL

It's important that the business owner, put measures in place that protect company's financial and management data, in accordance to the laws and regulations of your state and the federal government. A small measure of internal controls will simplify a big process of handling business and reduce management risks

## HR/PAYROLL MANAGEMENT

Outsourcing the payroll function is the trend across firms globally; it increases your salary

confidentiality, eases administrative pressures and ensures compliance to the federal labor regulation. Our experienced accountants can advise you in every aspect of your business on effective Cost control.

## ACCOUNTS PAYABLE MANAGEMENT

The business entities are always challenged to reduce costs, avail the best services and add maximum value from their expenditures.

**ACCURATE** offers completely flexible and innovative Accounts Payable Services. Benefits:

- Improved controls
- Confidentiality
- Cost control
- IT capabilities

# NO MORE ACCOUNTING NIGHTMARES
